# II SCIENTIFIC MEETING of B-ARGO group

Establish research lines. 20 January 2021. (16:00 – 17:15)

B • A R G O

Badalona - Applied Research Group in Oncology

## Introduction.

Enric Carcereny and Anna Martínez-Cardús

## Cancer biomarkers: factors of prognostic and prediction to standard therapies

16:10-16:15 – Central Nervous System translational oncology (Carme Balañá, MD PhD)

16:15-16:20 – Tailored oncology in Breast Cancer (Mireia Margelí, MD PhD)

16:20-16:25 – Precision oncology in Urologic Tumors (Albert Font, MD PhD)

16:25-16:30 – A quick few questions

## Novel pancancer therapies: Immunotherapy and PARP inhibitors

16:30-16:35 – Immunotherapy or targeted therapy in BRAF-mutated melanoma: selection of the best therapeutic option and “ex vivo” prospective validation. (José Luis Manzano, MD)

16:35- 16:40 – iPARPResist: Identification of biomarkers of resistance to PARP inhibitors in ovarian cancer and development of ex vivo models for testing new therapeutic approaches (Margarita Romeo, MD PhD)

16:40-16:45 – A quick few questions

## Alternative strategies in research of cancer management

16:45- 16:50 – Inappropriate use of opioids in lung cancer patients (Teresa Moran, MD PhD)

16:50-16:55 - Implementation of a comprehensive translational research platform in the framework of early clinical trials: the INSPECTA" project (Cinta Hierro, MD PhD)

16:55-17:00 - Impact of optimizing nutritional status on the morbidity of radical gastric cancer treatment through an Intensified Dietetic Intervention (Cristina Bugés, MD)

17:00-17:15 - **DISCUSSION and CLOSING REMARKS** (Ricard Mesia)

# II SCIENTIFIC MEETING of B-ARGO group

Mixed research program. 3 February 2021. (16:00 – 17:15)

B • A R G O

Badalona - Applied Research Group in Oncology

## Lung cancer - Juan Rodés Program (PI: Ricard Mesía, MD PhD)

Chair: **Enric Carcereny, MD**

**16:00-16:10** – Immunolung: identification of lung cancer biomarkers (**Maria Saigí, MD PhD**)

**16:10-16:15** – A quick few questions

## CNS - Rio Hortega Program 2019 (PI: Eva Martinez Balibrea, PhD)

Chair: **Carme Balañá, MD PhD**

**16:15-16:25** – Validation of prognostic biomarkers in glioblastoma (**Marta Domènech, MD**)

**16:25-16:30** – A quick few questions

## Breast Cancer - Rio Hortega Program 2020 (PI: Ester Ballana, PhD)

Chair: **Mireia Margelí, MD PhD**

**16:30-16:40** – Overcoming resistance mechanisms to CDK4/6i in luminal breast cancer (RESIST) (**Eudald Felip, MD**)

**16:40-16:45** – A quick few questions

## Urologic Tumors - Rio Hortega Program 2020 (PI: Mireia Jordà, PhD)

Chair: **Albert Font, MD PhD**

**16:45- 16:55** – Metabolism and cancer: kalikreins in prostate cancer outcome (**Juan Carlos Pardo, MD**)

**16:55-17:00** – A quick few questions
