ADVANCED TECHNICIAN (REF.: 2022/101)

1. JOB DESCRIPTION:

The IGTP, in collaboration with the Centre for Epidemiological Studies on HIV and STIs of Catalonia (CEEISCAT), is looking for a consultant to coordinate the COBATEST network. The network is formed of 46 CBVCTs (community-based voluntary counselling and testing services) in 20 European countries that promote HIV testing, early diagnosis and linkage to care among key populations. The main purpose of the network is to share common data collection instrument and procedures to monitor the activity of CBVCT services in Europe. The network was created in the scope of a European project in 2009 and has been active since. Recently the COBATEST network began collaborating with Aids Action Europe and established a Steering Committee. The network coordinator is a core post to ensure the consolidation of the network and to increase its visibility and its representation in Europe.

2. QUALIFICATIONS AND EXPERIENCE:

The applicant must have the following qualifications:

a) Education: Health or Social Sciences degree with training in Public Health.
b) Experience in working with community-based voluntary counselling and testing services would be an asset.
c) Experience in fundraising would be an asset.
d) Interpersonal skills and experience in presenting.
e) Problem solving.
f) Project management and coordination experience.
g) Negotiation skills.
h) Capacity to collect and organize information efficiently.
i) Good communication skills.
j) Team-working skills.
The Germans Trias i Pujol Research Institute (IGTP) endorses the Requirements and Principles of the European Charter for Researchers, the Code of Conduct for the Recruitment of Researchers, and Open, Transparent, Merit-based recruitment promoted by the European Commission and follows Equal Opportunities policies. On 22 August, 2019, IGTP was awarded the “HR Excellence in Research” logo. This recognition reflects the commitment of the Institute to the continuous improvement of its human resources policies in line with the Charter & Code. The Institute works to ensure fair and transparent recruitment and appraisal procedure.

k) Computer skills.
l) Experience in analyzing data and good knowledge of Stata and/or R.
m) An excellent command of written and spoken English.
n) Knowledge of Spanish and Russian would be an asset.
o) Commitment to service.

Persons with a degree of disability equal to or greater than 33 per 100, as accredited by the Spanish Autonomous Regions or the State Administration, or who have been declared to have a total permanent disability in a different profession through a resolution of the National Institute of Social Security, while retaining functional capacity for the completion of the tasks of the post will be positively considered.

3. MAIN RESPONSIBILITIES:

The specific tasks will be:

a) Field coordination of the COBATEST network.
b) Active communication with COBATEST network members.
c) Technical support for COBATEST network members.
d) Monitoring and analysis of COBATEST network data collected and preparation of annual report.
e) Follow-up and maintenance of the website and social networks.
f) To expand the network, specially to Eastern Europe and Central Asia.
g) Active fundraising search.
h) Support other European projects when necessary.

4. WHAT WE OFFER:

a) Permanent contract (Real Decreto-ley 8/2022).
b) Gross annual remuneration inherent in the position covered by this call, will be set according to the amount awarded for the grant awarded, distributed in 12 payments.
c) Flexible payment (childminding vouchers).
d) 23 days holiday and 5 days for personal matters.
e) Training capsules by the company.
f) Be part of an excellent multidisciplinary research center with the HRS4R badge.

g) We are located at the Can Ruti Campus, a top translational research environment in the Barcelona area, in a highly stimulating scientific environment. The IGTP offers a supportive, friendly and collaborative ecosystem to promote career development and to help you achieve your research goals.
