

Germans Trias o Pujol Research Institute (IGTP) endorses the Requirements and Principles of the European Charter for Researchers, the Code of Conduct for the Recruitment of Researchers, and Open, Transparent, Merit-based recruitment promoted by the European Commission and follows Equal Opportunities policies. On 22 August, 2019, IGTP was awarded the "HR Excellence in Research" logo. This recognition reflects the commitment of the Institute to the continuous improvement of its human resources policies in line with the Charter & Code. The Institute works to ensure fair and transparent recruitment and appraisal procedure

EARLY STAGE RESEARCHER (REF.: 2023/102)

1. RESEARCH DESCRIPTION:

The IGTP needs to incorporate early stage researcher into the Virus-Host Interaction team in the context of a FIS (funded by ISCIII).

2. MAIN RESPONSIBILITIES:

The specific tasks for the applicant will be:

- a) Under the direction of the principal investigators the applicant will carry out research activities in a BSL3 biosafety laboratory.
- b) Design and development of experimental procedures, including isolation and culture of primary cells, virus manipulation, flow cytometry and basic techniques of molecular biology.
- c) Data interpretation and discussion of work progress with other members of the research group.
- d) Writing scientific reports and articles.
- e) Active update on scientific literature related to the research topic.
- f) Presenting research progress in both internal and external meetings, including national and international conferences.
- g) Other science dissemination activities.
- h) Participate in regular maintenance of laboratory activities.

3. REQUIREMENTS:

- a) Graduate in Biology, Biotechnology, Biochemistry or related degrees.

German Trias o Pujol Research Institute (IGTP) endorses the Requirements and Principles of the European Charter for Researchers, the Code of Conduct for the Recruitment of Researchers, and Open, Transparent, Merit-based recruitment promoted by the European Commission and follows Equal Opportunities policies. On 22 August, 2019, IGTP was awarded the "HR Excellence in Research" logo. This recognition reflects the commitment of the Institute to the continuous improvement of its human resources policies in line with the Charter & Code. The Institute works to ensure fair and transparent recruitment and appraisal procedure

- b) Master degree in any Life or Health science. Candidates with academic files containing excellent grades (>2 over 4 or 7.5 over 10) are encouraged.
- c) Candidates with previous experience in primary cell culture, flow cytometry, basic molecular biology and biochemistry techniques (DNA/RNA isolation, PCR, real-time qPCR, ELISA, western-blot) and bioinformatics complementary training (R-based programming tools for whole transcriptomic data analysis) will be valued.
- d) Although it is not essential, participation in scientific articles or communications in conferences will be considered.
- e) Good organizational skills, ability to work in a dynamic team environment with good interpersonal skills.
- f) Excellent written and oral communication skills in English.
- g) Skills for writing, editing, and submitting manuscripts/abstracts/reports detailing the results of the projects.

4. WHAT WE OFFER:

- a) Full time dedication during the project will be required.
- b) Incorporation August 2023.
